

LEGACY 600

The Legacy 600 boasts a large 1,410 cubic foot cabin, which has three separate zones to increase productivity and privacy. With a full galley and cabin server, passengers can also enjoy cuisine custom prepared to their desire. Once airborne, the Legacy 600 will climb to a cruising altitude between 39,000 and 41,000 feet, above the weather, for a smooth and comfortable ride. Enjoy the large and luxurious cabin, and with multiple entertainment options, your long distance travels will be comfortable and quick.
